

Collection data form

Help wetland birds and their precious habitats

Thank you for participating in the Feather Map of Australia Project.

Fill in the details below and send this form in with the feathers you have collected.

Before you get started collecting, make sure you understand the scientific licence or permit requirements for your state or territory, and remember to either wear gloves or wash your hands after collecting.

Date of collection:

Location of collection (location name and/or GPS coordinates):

.....

Type of bird the feather came from, if you know it (Remember to keep each feather separate if you do):

.....

List the birds you identified using the wetland (not essential if you know the type of bird the feather came from):

.....
.....
.....
.....
.....

Your name and address (this is a condition of our scientific licences. The information will only be kept, or provided to the relevant governing body, for this and no other purpose):

Name:

Street address:

Suburb: State: Postcode:

Place the feather/s in an envelope and send it to the relevant state or territory address provided at www.ansto.gov.au/feathermap

For more information about the Feather Map for Australia Project visit www.ansto.gov.au/feathermap or email feathermap@ansto.gov.au
